DETAILED ACTION

1. Claims 1-33 are allowed.

Allowable Subject Matter

2. The following is an examiner's statement of reasons for allowance: The closest prior art of record discloses facilitating secure transmission of an e-mail message to anonymous recipients by generating session key for the e-mail message and generating a recipient block for the e-mail message that contains an entry for each recipient of the e-mail message that contains session key encrypted with a public key associated with the recipient. The closest prior art of record individually or in combination does not explicitly disclose generating encrypted key pair not held by the non-member recipient and prompting the non-member for a decryption pass-phrase corresponding to the encryption pass-phrase to decrypt the encrypted key pair for decryption in light of other features disclosed in independent claims 1, 12, 21, and 30.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
